

RESTORATIVE *sleep* SCIENCE

RESTORED™

Modern life floods our systems with stress that keeps cortisol high. The hormone that keeps you alert long after the day is done. Sleep, is how the body resets. Restorative Sleep specifically.

OWN THE NIGHT.
DOMINATE THE DAY.

THE BUILDING BLOCKS OF
BETTER HEALTH
MAKE

Restorative sleep is when your body enters its deepest recovery mode. It's not just rest; it's repair. Your brain detoxifies, your stress hormones rebalance, and your cells regenerate. That's true mental and physical restoration.

MAKE™

WELLNESS

RESTORED delivers measurable overnight recovery and next-day performance.

NEUROSYNC TECHNOLOGY™

Powered by PeptiSleep peptides, GABA, L-Theanine, and Apigenin, our proprietary technology helps calm the nervous system, lower nighttime cortisol, and guide the body back into its natural sleep rhythm. Naturally working together to synchronize brain and body, detoxify the mind, and enhance DEEP and REM sleep cycles for true restoration.

RESULTS THAT SPEAK FOR THEMSELVES

RESTORED participants reported deeper and higher-quality sleep, increased next day productivity and feeling restored.

72%

of participants increased deep sleep*

68%

of participants increased REM sleep*

20%

more restored on waking*

19%

higher next-day productivity*

*Internal study. Results may vary.

Without restorative sleep, cortisol stays high, stress builds, and recovery stalls. Over time, fatigue becomes chronic, focus dulls, metabolism slows, and immunity weakens. You may be sleeping, but your body isn't truly restoring.

WHAT HAPPENS DURING RESTORATIVE SLEEP?

NATURAL BRAIN DETOXIFICATION

CELL + TISSUE REPAIR

HEALTHY WEIGHT MANAGEMENT

MUSCLE STRENGTH

STRESS HORMONAL BALANCE

ENERGY RESET

CARDIOVASCULAR RECOVERY

A RESILIENT IMMUNE SYSTEM

By making sleep a priority, just as you would with nutrition and exercise, you're investing in your long-term health and vitality. Sleep smarter, and watch as your body and mind thrive, unlocking their full potential.
